

Tyler Sarfert Biography

Music Technology & Music Business Camp 2023 Faculty

Tyler Sarfert is a music producer, engineer, songwriter, and multi-instrumentalist. Finding passion for music at an early age, he has garnered years of training in both classical and popular music, which has led to many performance opportunities in both the US and overseas.

His original project “TYLER” has shared the stage with major label acts such as Valley (Universal Canada), Koryn Hawthorne (RCA Inspiration), and more.

Tyler received a full tuition percussion-scholarship from Rowan University, and graduated with a Bachelor of Science in Music Industry. Since then, the music he has been a part of has millions of streams, and reached international radio stations like BBC Radio 1.

Tyler has the pleasure of working on records with Grammy-nominated and Grammy Award-winning producers and songwriters from all over the country. In addition to his career in music, he has a strong passion for helping others achieve their own goals and aspirations.
