

i-Ready Mathematics Focus Lesson List

Focus Lessons include on-grade level lessons aligned to the instructional priorities of each grade as identified by [Student Achievement Partners](#). Lessons focus on the major work of each grade so students can gain strong mathematical foundations, including solid conceptual understanding, a high degree of procedural skill and fluency, and the ability to apply the math they know to solve problems. The Spanish version of the lesson is listed by its Spanish title. Note that this list will get updated as new lessons are added to *i-Ready* in both English and Spanish.

Table of Contents

Kindergarten.....	2
First Grade	4
Second Grade	6
Third Grade	8
Fourth Grade	10
Fifth Grade.....	12
Sixth Grade.....	14
Seventh Grade	16
Eighth Grade.....	18

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Understand Addition	Comprende Suma
Algebra and Algebraic Thinking	Add Within 5	Suma hasta 5
Algebra and Algebraic Thinking	Understand Subtraction	Comprende Resta
Algebra and Algebraic Thinking	Subtract Within 5	Resta hasta 5
Algebra and Algebraic Thinking	Number Partners for 3	Parejas de números para 3
Algebra and Algebraic Thinking	Number Partners for 4 and 5	Parejas de números para 4 y 5
Algebra and Algebraic Thinking	Add Within 10	Suma hasta 10
Algebra and Algebraic Thinking	Subtract Within 10	Resta hasta 10
Algebra and Algebraic Thinking	Practice: Add and Subtract Within 10, Part 1	Práctica: Suma y resta hasta 10, Parte 1
Algebra and Algebraic Thinking	Number Partners for 6 and 7	Parejas de números para 6 y 7
Algebra and Algebraic Thinking	Number Partners for 8 and 9	Parejas de números para 8 y 9
Algebra and Algebraic Thinking	Number Partners for 10	Parejas de números para 10
Algebra and Algebraic Thinking	Practice: Add and Subtract Within 10, Part 2	Práctica: Suma y resta hasta 10, Parte 2
Algebra and Algebraic Thinking	Fluently Add and Subtract Within 5	Suma y resta hasta 5 con fluidez
Algebra and Algebraic Thinking	Make 10	Forma 10
Numbers and Operations	Count up to 20 Objects	Cuenta hasta 20 objetos
Numbers and Operations	Make Groups of up to 20 Objects	Forma grupos de hasta 20 objetos
Numbers and Operations	Order Numbers to 20	Ordena números hasta 20
Numbers and Operations	Count up to 10 Objects in Rows or Arrays	Cuenta hasta 10 objetos organizados en filas o matrices
Numbers and Operations	Count up to 10 Objects in Different Arrangements	Cuenta hasta 10 objetos organizados de distintas maneras
Numbers and Operations	Make Groups of up to 10 Objects	Forma grupos de hasta 10 objetos

Domain	English Lesson Title	Spanish Lesson Title
Numbers and Operations	Order Numbers to 10	Ordena números hasta 10
Numbers and Operations	Find One More	Halla uno más
Numbers and Operations	More	Más
Numbers and Operations	Less	Menos
Numbers and Operations	Compare Numbers Within 10	Compara números hasta 10

First Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	"Add To" and "Put Together" Word Problems	Problemas verbales de "sumar" y "juntar"
Algebra and Algebraic Thinking	Add in Any Order	Suma en cualquier orden
Algebra and Algebraic Thinking	Count On to Add	Cuenta hacia delante para sumar
Algebra and Algebraic Thinking	"Add To Change Unknown" Word Problems	Problemas verbales de "sumar con cambio desconocido"
Algebra and Algebraic Thinking	Think Addition to Subtract	Piensa en la suma para restar
Algebra and Algebraic Thinking	Count On to Subtract	Cuenta hacia delante para restar
Algebra and Algebraic Thinking	"Take From" Word Problems	Problemas verbales de "quitar"
Algebra and Algebraic Thinking	"Take From Change Unknown" Word Problems	Problemas verbales de "quitar con cambio desconocido"
Algebra and Algebraic Thinking	Practice: "Change Unknown" Word Problems	Práctica: Problemas verbales de "cambio desconocido"
Algebra and Algebraic Thinking	"Compare Difference Unknown" Word Problems	Problemas verbales de "comparar con diferencia desconocida"
Algebra and Algebraic Thinking	"Compare Bigger Unknown" Word Problems	Problemas verbales de "comparar con cantidad mayor desconocido"
Algebra and Algebraic Thinking	Practice: Comparison Word Problems	Práctica: Problemas verbales de comparación
Algebra and Algebraic Thinking	"Compare Smaller Unknown" Word Problems	Problemas verbales de "comparar con cantidad menor desconocido"
Algebra and Algebraic Thinking	Make a Ten to Add	Forma una decena para sumar
Algebra and Algebraic Thinking	Add Three Numbers in Word Problems	Suma tres números en problemas verbales
Algebra and Algebraic Thinking	Make a Ten to Subtract	Forma una decena para restar
Algebra and Algebraic Thinking	"Add To Start Unknown" Word Problems	Problemas verbales de "sumar con comienzo desconocido"
Algebra and Algebraic Thinking	"Take From Start Unknown" Word Problems	Problemas verbales de "quitar con comienzo desconocido"
Algebra and Algebraic Thinking	More "Compare Bigger Unknown" Word Problems	Más problemas verbales de "comparar con cantidad mayor desconocido"
Algebra and Algebraic Thinking	More "Compare Smaller Unknown" Word Problems	Más problemas verbales de "comparar con cantidad menor desconocido"
Algebra and Algebraic Thinking	Fluently Add and Subtract Within 10	Suma y resta hasta 10 con fluidez

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Doubles	Dobles
Algebra and Algebraic Thinking	Doubles and Near Doubles	Dobles y casi dobles
Algebra and Algebraic Thinking	"Put Together/Take Apart Addend Unknown" Problems	Problemas de "juntar/separar con sumando desconocido"
Number and Operations	Identify Teen Numbers	Identifica números del 11 al 19
Number and Operations	Build Teen Numbers	Forma números del 11 al 19
Number and Operations	Identify Two-Digit Numbers	Identifica números de dos dígitos
Number and Operations	Build Two-Digit Numbers	Forma números de dos dígitos
Number and Operations	Add Multiples of Ten to Multiples of Ten	Suma múltiplos de diez a múltiplos de diez
Number and Operations	Subtract Multiples of Ten from Multiples of Ten	Resta múltiplos de diez de múltiplos de diez
Number and Operations	Add Multiples of Ten to Any Two-Digit Number	Suma múltiplos de diez a cualquier número de dos dígitos
Number and Operations	Add Two-Digit and One-Digit Numbers	Suma números de dos dígitos y números de un dígito
Number and Operations	Add More Two-Digit and One-Digit Numbers	Suma más números de dos dígitos y números de un dígito
Number and Operations	Add Two-Digit Numbers	Suma números de dos dígitos
Number and Operations	Add More Two-Digit Numbers	Suma más números de dos dígitos
Number and Operations	Measure Lengths	Mide longitudes

Second Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	"Add To" Word Problems Within 10	Problemas verbales de "sumar" hasta 10
Algebra and Algebraic Thinking	Use Mental Math to Add (Make a Ten), Part 1	Calcula mentalmente para sumar (formar una decena), parte 1
Algebra and Algebraic Thinking	Use Mental Math to Add (Make a Ten), Part 2	Calcula mentalmente para sumar (formar una decena), parte 2
Algebra and Algebraic Thinking	"Add To Start Unknown" Word Problems Within 20	Problemas verbales de "sumar con comienzo desconocido" hasta 20
Algebra and Algebraic Thinking	Use Mental Math to Add (Near Doubles)	Calcula mentalmente para sumar (casi dobles)
Algebra and Algebraic Thinking	Use Mental Math Strategies to Add	Usa estrategias de cálculo mental para sumar
Algebra and Algebraic Thinking	Practice: Use Mental Math Strategies to Add	Práctica: Usa estrategias de cálculo mental para sumar
Algebra and Algebraic Thinking	"Take From Start Unknown" Word Problems Within 20	Problemas verbales de "quitar con comienzo desconocido" hasta 20
Algebra and Algebraic Thinking	Think Addition to Subtract	Piensa en la suma para restar
Algebra and Algebraic Thinking	Think Addition to Subtract (Make a Ten)	Piensa en la suma para restar (formar una decena)
Algebra and Algebraic Thinking	"Compare Bigger Unknown" Word Problems Within 20	Problemas verbales de "comparar con cantidad mayor desconocida" hasta 20
Algebra and Algebraic Thinking	"Compare Smaller Unknown" Word Problems Within 20	Problemas verbales de "comparar con cantidad menor desconocida" hasta 20
Measurement and Data	Understand Number Lines	Comprende Rectas numéricas
Measurement and Data	Understand Addition Using Number Lines	Comprende Sumar usando rectas numéricas
Measurement and Data	Understand Subtraction Using Number Lines, Part 1	Comprende Restar usando rectas numéricas, parte 1
Measurement and Data	Understand Subtraction Using Number Lines, Part 2	Comprende Restar usando rectas numéricas, parte 2
Number and Operations	Add Three-Digit and Two-Digit Numbers	Suma números de tres dígitos y números de dos dígitos
Number and Operations	Add Three-Digit Numbers	Suma números de tres dígitos
Number and Operations	Subtract Two-Digit from Three-Digit Numbers	Resta números de dos dígitos de números de tres dígitos
Number and Operations	Subtract Three-Digit Numbers	Resta números de tres dígitos
Number and Operations	Add Within 1,000 on Number Lines	Suma hasta 1,000 en rectas numéricas

Domain	English Lesson Title	Spanish Lesson Title
Number and Operations	Subtract Within 1,000 on Number Lines	Resta hasta 1,000 en rectas numéricas
Number and Operations	Add by Breaking Apart Two-Digit Numbers	Suma descomponiendo números de dos dígitos
Number and Operations	Add Within 100 on Number Lines, Part 1	Suma hasta 100 en rectas numéricas, parte 1
Number and Operations	Add Within 100 on Number Lines, Part 2	Suma hasta 100 en rectas numéricas, parte 2
Number and Operations	Subtract Within 100 on Number Lines	Resta hasta 100 en rectas numéricas
Number and Operations	Add to Subtract Within 100 on Number Lines, Part 1	Suma para restar hasta 100 en rectas numéricas, parte 1
Number and Operations	Add to Subtract Within 100 on Number Lines, Part 2	Suma para restar hasta 100 en rectas numéricas, parte 2

Third Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Understand Multiplication, Part 1	Comprende Multiplicación, Parte 1
Algebra and Algebraic Thinking	Multiplication Word Problems, Part 1	Problemas verbales de multiplicación, Parte 1
Algebra and Algebraic Thinking	Practice: Multiplication & Addition Word Problems	Práctica: Problemas verbales de multiplicación y suma
Algebra and Algebraic Thinking	Practice: Multiples of 2	Práctica: Múltiplos de 2
Algebra and Algebraic Thinking	Practice: Multiplying by 10	Práctica: Multiplica por 10
Algebra and Algebraic Thinking	Practice: Multiplying by 5	Práctica: Multiplica por 5
Algebra and Algebraic Thinking	Understand Multiplication, Part 2	Comprende Multiplicación, Parte 2
Algebra and Algebraic Thinking	Multiplication Word Problems, Part 2	Problemas verbales de multiplicación, Parte 2
Algebra and Algebraic Thinking	Practice: Multiples of 3	Práctica: Múltiplos de 3
Algebra and Algebraic Thinking	Practice: Multiples of 4	Práctica: Múltiplos de 4
Algebra and Algebraic Thinking	Practice: Multiplying by 0 and 1	Práctica: Multiplica por 0 y 1
Algebra and Algebraic Thinking	Use Order and Grouping to Multiply	Ordena y agrupa para multiplicar
Algebra and Algebraic Thinking	Practice: Multiples of 5 and 10	Práctica: Múltiplos de 5 y 10
Algebra and Algebraic Thinking	Practice: Multiply Within 100	Práctica: Multiplica hasta 100
Algebra and Algebraic Thinking	Break Apart a Number to Multiply, Part 1	Descompón un número para multiplicar, Parte 1
Algebra and Algebraic Thinking	Break Apart a Number to Multiply, Part 2	Descompón un número para multiplicar, Parte 2
Algebra and Algebraic Thinking	Practice: Multiples of 6	Práctica: Múltiplos de 6
Algebra and Algebraic Thinking	Practice: Multiples of 7	Práctica: Múltiplos de 7
Algebra and Algebraic Thinking	Practice: Multiples of 8	Práctica: Múltiplos de 8
Algebra and Algebraic Thinking	Practice: Multiples of 9	Práctica: Múltiplos de 9
Algebra and Algebraic Thinking	Word Problems Involving Length and Money	Problemas verbales con longitud y dinero

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Understand Division, Part 1	Comprende división, Parte 1
Algebra and Algebraic Thinking	Division Word Problems, Part 1	Problemas verbales de división, Parte 1
Algebra and Algebraic Thinking	Practice: Division & Subtraction Word Problems	Práctica: Problemas verbales de división y resta
Algebra and Algebraic Thinking	Division Word Problems, Part 2	Problemas verbales de división, Parte 2
Algebra and Algebraic Thinking	Understand Division, Part 2	Comprende división, Parte 2
Algebra and Algebraic Thinking	Practice: Multiply and Divide Within 100	Práctica: Multiplica y divide hasta 100
Number and Operations	Understand What a Fraction Is	Comprende Qué es una fracción
Number and Operations	Model Fractions	Representa fracciones
Number and Operations	Fractions on a Number Line, Part 1	Fracciones en una recta numérica, Parte 1
Number and Operations	Fractions on a Number Line, Part 2	Fracciones en una recta numérica, Parte 2
Number and Operations	Understand Equivalent Fractions	Comprende Fracciones equivalentes
Number and Operations	Understand Comparing Fractions	Comprende Comparación de fracciones
Number and Operations	Compare Fractions with the Same Denominator	Compara fracciones con el mismo denominador
Number and Operations	Compare Fractions with the Same Numerator	Compara fracciones con el mismo numerador
Number and Operations	Practice: Compare Fractions	Práctica: Compara fracciones

Fourth Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Multiplicative Comparison Word Problems, Part 1	Problemas verbales de comparación multiplicativa, Parte 1
Algebra and Algebraic Thinking	Multiplicative Comparison Word Problems, Part 2	Problemas verbales de comparación multiplicativa, Parte 2
Algebra and Algebraic Thinking	Practice: Multiplicative Comparison Problems	Práctica: Problemas de comparación multiplicativa
Algebra and Algebraic Thinking	Multiplicative Comparison Word Problems, Part 3	Problemas verbales de comparación multiplicativa, Parte 3
Algebra and Algebraic Thinking	Practice: More Multiplicative Comparison Problems	Práctica: Más problemas de comparación multiplicativa
Algebra and Algebraic Thinking	Practice: Understand Multiplication as Comparison	Práctica: Comprende Multiplicación como comparación
Algebra and Algebraic Thinking	Division Word Problems with Remainders, Part 1	Problemas verbales de división con residuo, Parte 1
Algebra and Algebraic Thinking	Division Word Problems with Remainders, Part 2	Problemas verbales de división con residuo, Parte 2
Algebra and Algebraic Thinking	Practice: Division Word Problems with Remainders	Práctica: Problemas verbales de división con residuo
Number and Operations	Place Value, Part 1	Valor posicional, Parte 1
Number and Operations	Place Value, Part 2	Valor posicional, Parte 2
Number and Operations	Practice: Place Value	Práctica: Valor posicional
Number and Operations	Practice: Compare Whole Numbers	Práctica: Compara números enteros
Number and Operations	Round Whole Numbers	Redondea números enteros
Number and Operations	Find Equivalent Fractions	Halla fracciones equivalentes
Number and Operations	Use Common Denominators to Compare Fractions	Usa denominadores comunes para comparar fracciones
Number and Operations	Use a Benchmark to Compare Fractions	Usa una referencia para comparar fracciones
Number and Operations	Practice: Use Strategies to Compare Fractions	Práctica: Usa estrategias para comparar fracciones
Number and Operations	Fractions as Tenths and Hundredths	Fracciones como décimas y centésimas
Number and Operations	Understand and Model Decimals	Comprende y representa decimales
Number and Operations	Compare Decimals	Compara decimales

Domain	English Lesson Title	Spanish Lesson Title
Number and Operations	Decimals on a Number Line	Decimales en una recta numérica

Fifth Grade

Domain	English Lesson Title	Spanish Lesson Title
Number and Operations	Multiply Whole Numbers	Multiplica números enteros
Number and Operations	Divide by Two-Digit Numbers, Part 1	Divide por números de dos dígitos, Parte 1
Number and Operations	Divide by Two-Digit Numbers, Part 2	Divide por números de dos dígitos, Parte 2
Number and Operations	Understand Powers of 10	Comprende Potencias de 10
Number and Operations	Decimal Place Value, Part 1	Valor posicional decimal, Parte 1
Number and Operations	Decimal Place Value, Part 2	Valor posicional decimal, Parte 2
Number and Operations	Multiply and Divide Decimals by Powers of 10	Multiplica y divide decimales por potencias de 10
Number and Operations	Compare Decimals up to Thousandths	Compara decimales hasta milésimas
Number and Operations	Round Decimals	Redondea decimales
Number and Operations	Add Fractions with Unlike Denominators	Suma fracciones con distintos denominadores
Number and Operations	Subtract Fractions with Unlike Denominators	Resta fracciones con distintos denominadores
Number and Operations	Practice: Fraction Addition and Subtraction	Práctica: Suma y resta de fracciones
Number and Operations	Add Mixed Numbers with Unlike Denominators	Suma números mixtos con distintos denominadores
Number and Operations	Subtract Mixed Numbers with Unlike Denominators	Resta números mixtos con distintos denominadores
Number and Operations	Practice: Mixed Number Addition and Subtraction	Práctica: Suma y resta de números mixtos
Number and Operations	Multiply a Decimal by a Whole Number	Multiplica un decimal por un número entero
Number and Operations	Multiply a Decimal by a Decimal	Multiplica un decimal por un decimal
Number and Operations	Divide a Whole Number by a Decimal	Divide un número entero entre un decimal
Number and Operations	Divide a Decimal by a Decimal	Divide un decimal entre un decimal
Number and Operations	Divide a Decimal by a Whole Number	Divide un decimal entre un número entero
Number and Operations	Understand Fractions as Division	Comprende Fracciones como división

Domain	English Lesson Title	Spanish Lesson Title
Number and Operations	Multiply a Whole Number by a Unit Fraction	Multiplica un número entero por una fracción unitaria
Number and Operations	Multiply a Whole Number by a Fraction	Multiplica un número entero por una fracción
Number and Operations	Divide a Whole Number by a Unit Fraction	Divide un número entero entre una fracción unitaria
Number and Operations	Practice: Multiply and Divide by Fractions	Práctica: Multiplica y divide por fracciones
Number and Operations	Multiply a Unit Fraction by a Unit Fraction	Multiplica una fracción unitaria por una fracción unitaria
Number and Operations	Divide a Unit Fraction by a Whole Number	Divide una fracción unitaria entre un número entero
Number and Operations	Practice: Multiply and Divide Unit Fractions	Práctica: Multiplica y divide fracciones unitarias
Number and Operations	Multiply a Fraction by a Fraction	Multiplica una fracción por una fracción
Number and Operations	Add Decimals	Suma decimales
Number and Operations	Subtract Decimals	Resta decimales
Measurement and Data	Understand and Measure Volume	Comprende y mide el volumen

Sixth Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Understand Ratio Concepts	Comprende Conceptos de razón
Algebra and Algebraic Thinking	Understand Algebraic Expressions	Comprende Expresiones algebraicas
Algebra and Algebraic Thinking	Write and Evaluate Algebraic Expressions	Escribe y evalúa expresiones algebraicas
Algebra and Algebraic Thinking	Numerical Expressions with Exponents	Expresiones numéricas con exponentes
Algebra and Algebraic Thinking	Algebraic Expressions with Exponents	Expresiones algebraicas con exponentes
Algebra and Algebraic Thinking	Practice: Numerical and Algebraic Expressions	Práctica: Expresiones numéricas y algebraicas
Algebra and Algebraic Thinking	Equivalent Ratios	Razones equivalentes
Algebra and Algebraic Thinking	Equivalent Ratio Tables	Tablas de razones equivalentes
Algebra and Algebraic Thinking	Graph Equivalent Ratios	Haz una gráfica de razones equivalentes
Algebra and Algebraic Thinking	Understand Unit Rate	Comprende Taza unitaria
Algebra and Algebraic Thinking	Solve Problems with Ratios and Unit Rates	Resuelve problemas con razones y tazas unitarias
Algebra and Algebraic Thinking	Solve Problems with Measurement Conversions	Resuelve problemas con conversiones de medidas
Algebra and Algebraic Thinking	Understand Percent Concepts	Comprende Conceptos de porcentaje
Algebra and Algebraic Thinking	Find Percent of a Number	Halla el porcentaje de un número
Algebra and Algebraic Thinking	Solve Problems with Percent	Resuelve problemas con porcentajes
Algebra and Algebraic Thinking	Equivalent Expressions & the Distributive Property	Expresiones equivalentes y la propiedad distributiva
Algebra and Algebraic Thinking	Equivalent Expressions & Properties of Addition	Expresiones equivalentes y las propiedades de la suma
Algebra and Algebraic Thinking	Practice: Equivalent Expressions	Práctica: Expresiones equivalentes
Algebra and Algebraic Thinking	Solutions of Equations	Soluciones de ecuaciones
Algebra and Algebraic Thinking	Write and Solve Addition Equations	Escribe y resuelve ecuaciones de suma
Algebra and Algebraic Thinking	Write and Solve Multiplication Equations	Escribe y resuelve ecuaciones de multiplicación

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Practice: Write and Solve Equations	Práctica: Escribe y resuelve ecuaciones
Algebra and Algebraic Thinking	Understand Inequalities	Comprende Desigualdades
Algebra and Algebraic Thinking	Write and Solve Inequalities	Escribe y resuelve desigualdades
Algebra and Algebraic Thinking	Analyze Two-Variable Relationships	Analiza relaciones de dos variables
Number and Operations	Divide Fractions: Whole-Number Quotients	Divide fracciones: Cocientes de números enteros
Number and Operations	Divide Fractions: Fractional Quotients	Divide fracciones: Cocientes fraccionarios
Number and Operations	Divide Fractions: Use an Algorithm	Divide fracciones: Usa un algoritmo
Number and Operations	Understand Integers	Comprende Enteros
Number and Operations	Order Positive and Negative Numbers	Ordena números positivos y negativos
Number and Operations	Understand Absolute Value	Comprende Valor absoluto
Number and Operations	Practice: Positive and Negative Numbers	Práctica: Números positivos y negativos
Number and Operations	Understand the Four-Quadrant Coordinate Plane	Comprende el plano de coordenadas de cuatro cuadrantes
Number and Operations	Distance in the Coordinate Plane	Distancia en el plano de coordenadas

Seventh Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Unit Rates Involving Ratios of Fractions, Part 1	Tasas unitarias con razones de fracciones, Parte 1
Algebra and Algebraic Thinking	Unit Rates Involving Ratios of Fractions, Part 2	Tasas unitarias con razones de fracciones, Parte 2
Algebra and Algebraic Thinking	Understand Proportional Relationships	Comprende Relaciones proporcionales
Algebra and Algebraic Thinking	Write Equations for Proportional Relationships	Escribe ecuaciones para relaciones proporcionales
Algebra and Algebraic Thinking	Equivalent Linear Expressions	Expresiones lineales equivalentes
Algebra and Algebraic Thinking	Reasons for Equivalent Linear Expressions	Razones para expresiones lineales equivalentes
Algebra and Algebraic Thinking	Understand Multi-Step Equations	Comprende Ecuaciones de varios pasos
Algebra and Algebraic Thinking	Solve Multi-Step Equations, Part 1	Resuelve ecuaciones de varios pasos, Parte 1
Algebra and Algebraic Thinking	Solve Multi-Step Equations, Part 2	Resuelve ecuaciones de varios pasos, Parte 2
Algebra and Algebraic Thinking	Write and Solve Multi-Step Equations	Escribe y resuelve ecuaciones de varios pasos
Algebra and Algebraic Thinking	Understand Solutions of Inequalities	Comprende Soluciones de desigualdades
Algebra and Algebraic Thinking	Solve Inequalities	Resuelve desigualdades
Algebra and Algebraic Thinking	Solve Problems with Inequalities	Resuelve problemas con desigualdades
Algebra and Algebraic Thinking	Solve Percent Problems, Part 1	Resuelve problemas sobre porcentajes, Parte 1
Algebra and Algebraic Thinking	Solve Percent Problems, Part 2	Resuelve problemas sobre porcentajes, Parte 2
Algebra and Algebraic Thinking	Solve Percent Problems, Part 3	Resuelve problemas sobre porcentajes, Parte 3
Algebra and Algebraic Thinking	Percent Change	Cambio porcentual
Number and Operations	Understand Addition with Integers	Comprende Suma con enteros
Number and Operations	Understand Subtraction with Integers	Comprende Resta con enteros
Number and Operations	Practice: Adding and Subtracting Integers	Práctica: Suma y resta enteros
Number and Operations	Strategies to Add and Subtract Integers	Estrategias para sumar y restar enteros

Domain	English Lesson Title	Spanish Lesson Title
Number and Operations	Understand Distance on the Number Line	Comprende La distancia en la recta numérica
Number and Operations	Add and Subtract Rationals	Suma y resta números racionales
Number and Operations	Strategies to Add and Subtract Rationals	Estrategias para sumar y restar números racionales
Number and Operations	Multiply Integers	Multiplica enteros
Number and Operations	Divide Integers	Divide enteros
Number and Operations	Practice: Multiply and Divide Integers	Práctica: Multiplica y divide enteros
Number and Operations	Multiply and Divide Rationals	Multiplica y divide números racionales
Number and Operations	Express Rational Numbers as Decimals	Expresa números racionales como decimales
Number and Operations	Solve Problems with Rational Numbers	Resuelve problemas con números racionales

Eighth Grade

Domain	English Lesson Title	Spanish Lesson Title
Algebra and Algebraic Thinking	Proportional Relationships and Slope	Relaciones proporcionales y pendiente
Algebra and Algebraic Thinking	Derive Linear Equations	Deriva ecuaciones lineales
Algebra and Algebraic Thinking	Graph Linear Equations	Representa en una gráfica ecuaciones lineales
Algebra and Algebraic Thinking	Solve Linear Equations	Resuelve ecuaciones lineales
Algebra and Algebraic Thinking	Number of Solutions for Linear Equations	Número de soluciones de ecuaciones lineales
Algebra and Algebraic Thinking	Understand Systems of Linear Equations	Comprende sistemas de ecuaciones lineales
Algebra and Algebraic Thinking	Graph Systems of Linear Equations	Representa en una gráfica sistemas de ecuaciones lineales
Algebra and Algebraic Thinking	Solve Systems of Linear Equations: Substitution	Resuelve sistemas de ecuaciones lineales: Sustitución
Algebra and Algebraic Thinking	Solve Systems of Linear Equations: Elimination	Resuelve sistemas de ecuaciones lineales: Eliminación
Algebra and Algebraic Thinking	Understand Functions	Comprende funciones
Algebra and Algebraic Thinking	Linear Functions: Rate of Change and Initial Value	Funciones lineales: Tasa de cambio y valor inicial
Algebra and Algebraic Thinking	Linear Functions: Model from Two Points	Funciones lineales: Haz un modelo a partir de dos puntos
Algebra and Algebraic Thinking	Linear Functions: Model from a Verbal Description	Funciones lineales: Hacer un modelo a partir de una descripción verbal
Algebra and Algebraic Thinking	Compare Functions	Compara funciones
Number and Operations	Properties of Positive Integer Exponents, Part 1	Propiedades de los exponentes enteros positivos, Parte 1
Number and Operations	Properties of Positive Integer Exponents, Part 2	Propiedades de los exponentes enteros positivos, Parte 2
Number and Operations	Properties of Zero and Negative Exponents	Propiedades del cero y de los exponentes negativos
Number and Operations	Find Square Roots and Cube Roots to Solve Problems	Halla raíces cuadradas y raíces cúbicas para resolver problemas
