Beginning immediately, and until further notice, the eastbound and westbound platform stops located on SR-520, at Evergreen and Yarrow Point freeway stations, are not available on some routes for riders requiring bus ramp or lift deployment. This limited accessibility is due to the inability of some coach types to safely deploy the ramp or lift at these platforms.

Metro routes 255, 257, 268, 311, 982 and 986, operating coach numbers 8100 through 8199, are affected.

Metro Route 167 and Sound Transit Express routes 542 and 545 are not affected and are able to deploy the ramp or lift at these stops.

For alternative ramp or lift service, please board or exit affected routes at one of these bus stops:

- **Routes 255 & 986** to Kirkland, the University District or Haller Lake: east of these stations at the South Kirkland Park and Ride.
- **Route 257** to Kingsgate or downtown Seattle: east and north of these stations at NE 128th St and 116th Av NE.
- **Routes 268** to Bear Creek or downtown Seattle: east of these stations at SR 520 and NE 40th St.
- **Route 311** to Woodinville or downtown Seattle: east and north of these stations at the Totem Lake Freeway Station.
- **Route 982** to Haller Lake or Bear Creek Park and Ride: east of these stations at the Redmond Technology Station.

Visit Metro's [Service Advisories](#) page for complete information about revised bus service, routing and stops for planned events. Transit reroutes start and end times may be subject to change.

Visit Metro's online regional [Puget Sound Trip Planner](#) to plan your travel, and for bus stop, schedule and other information, including predicted times at stops. We recommend riders to arrive at their bus stop at least 5 minutes before the scheduled departure time.

Thank you for riding and for using Metro's services.
