- 8. Increased funding (capital and operating expenses) for both emergency shelter beds and transitional beds for homeless youth, a huge percentage of whom are LGBT.**

SUPPORT

- 9. Funding (capital and operating) for culturally competent senior housing built and operated to specifically meet the needs of LGBT seniors. Many LGBT seniors experience harassment and homophobia in senior facilities, forcing them to choose between supportive services and going back into the closet.**

SUPPORT

### **PART IV: DEMOCRATS TAKING CHARGE**

  - a. Of course, win NY-11!
  - b. Share resources with other Democratic candidates.
  - c. Support and endorse Democrats up and down the ballot

Presuming Democrats take control of one chamber of Congress, what three actions will you take to advance economic security and opportunity, protect the environment, strengthen consumer protections and strengthen regulation on financial institutions, and advance access to affordable health care (such as single payer, medicare buy-in, a public option, etc).**
  - a. Create a public-option
  - b. All-payer rate: In short this will allow the federal government to negotiate the price not just of prescription drugs purchased via Medicare, Medicaid and the federal exchange, but all medical services as well.
  - c. Expand healthcare market subsidies.

3. State **THREE** concrete actions you're taking to ensure that Democrats win in November and take control of the NYS Senate.

- a. Share office space
- b. Joint actions
- c. Joint campaigns

4.

### **STATE SENATE CANDIDATES:**

If you're (re)elected to the NYS Senate, do you unequivocally commit for the entirety of your term in office to:

- a. Caucus with the majority of Democrats in the chamber; and
- b. Not join the Independent Democratic Conference or any other "breakaway" faction of Democrats?

Circle one: YES NO

**Federal AND State Candidates: Will you oppose for re-election any NY State Senator that is or has caucused with the IDC?**

Circle one: YES NO

While I have not endorsed or donated to IDC members in the past, now that the Party is reunited I do not see an issue in supporting a candidate if they have been a proven champion of progressive causes.

### **PART V: OTHER ISSUES**

Please state your position (SUPPORT or OPPOSE) on each of the following issues. If you OPPOSE, please explain your position in each such instance.

1. Legislative efforts (federal/state/city) to expand funding for non-HIV LGBT health and human services. If support, please state which non-HIV service(s) you support and in what amount(s).

SUPPORT

2. A woman's unrestricted right to reproductive services, including abortion. Potential restrictions might include public funding (Medicaid, military/veterans benefits, etc.) for birth control and/or abortions, criminalizing late-term abortions, preventing the inclusion of reproductive/abortion services

## 2018 Candidate Questionnaire

**in state health insurance marketplaces or as part of the required essential health benefits under the Affordable Care Act, or parental consent for an unemancipated minor to obtain birth control or abortion services.**

SUPPORT

### **3. The Black Lives Matter movement and goals** **(<https://blacklivesmatter.com/about/>)**

I support the effort not just by the Black Lives Matter organizations, but by thousands of other organizations, civil rights groups, and grassroots leaders to create a more perfect union— one without systemic racial bias in our institutions and a criminal justice system that all Americans have faith in. When 1 out of 3 African-American men spend time in prison, communities of color are arrested and fined for activities effectively decriminalized in other neighborhoods, and when the trust is broken between law enforcement and the communities they protect, we as a country must collectively recognize our failures and solve these problems together.

### **4. The MeToo movement to end sexual violence** (<https://metoomvmt.org/>).

SUPPORT

### **5. Sensible gun control, including universal criminal background checks for gun and ammunition purchases, limits on ammunition cartridge capacity, universal gun licensing and a national gun registry/database, prohibit the sale of high-capacity magazines, and an assault weapons ban, among other measures** **(<http://www.gaysagainstguns.net/about>).**

I support all policies except a national gun registry/database at this time.

### **6. Federal and state efforts to enact criminal justice reform and end mass incarceration, including sentencing and prison reforms (for example, HR 3356 Prison Reform and Redemption Act), bail reform** **(<https://www.governor.ny.gov/news/governor-cuomo-unveils-22nd-proposal-2018-state-state-restoring-fairness-new-yorks-criminal>), and the closure of Rikers Island.**

SUPPORT – but, I will not support opening a jail in my district. Staten Island has only just recently saw a prison facility closed within the past few years.
