CLSI

- 
- ▶ Report: “Advice for researchers and reviewers”
 - Unless one is familiar with the VET documents and the multitude of nuances of testing, interpretation, and application sometimes publications, presentations or reports do not get it right.
 - Task force: Virginia Fajt, Virginia Sinnott, Sara Lawhon, Maria Traczewski, Dubra Diaz
 - Dates Feb 22 → send to the EWG → End of March
 - Submission for publication

- 
- ▶ EWG to conduct outreach activities, workshops or presentations for key government agencies, associations and institutes, both in the US and internationally
 - Slide set developed last fall → will be shared with the EWG members
 - ▶ There is much work to be done to generate new entries in VET01 and the aquaculture documents
 - C. Burbick, Jeff Watts, and D. Diaz will communicate with the AWG
 - What is going? How can we help to educate and collect data?

- 
- ▶ AAVLD - CLSI opportunities for educational activities and get feedback from lab users
 - 2019 AAVLD AST Symposium
 - IBQAS design and review of results
 - ▶ Use of the CLSI Outreach Working Group (ORWG) as an example to deliver info/communicate with our users
 - Space to deliver information about antimicrobial stewardship?
 - Case examples?
 - Use of new breakpoints?
 - Use of supplemental, screening, surrogate agent, and equivalent agent testing?
