# Looking to maximize your opportunities for professional development?

What about increased cultural competence? Gaining a greater awareness of your own social and cultural identities will inform your teaching practice and help foster more inclusive classrooms. Taking courses in another country will also give you exposure to a different education system and a better understanding of the societal value of education across different cultural contexts. TEAN's host university partners in the Asia-Pacific region offer a variety of education courses and electives that will introduce you to new ideas and knowledge.

Are you looking for specific courses? Reach out to us and we can help you find the program that meets your academic goals and course needs.

## Get hands-on experience abroad

An international internship through TEAN can help you stand out in the increasingly competitive job market. Available for a variety of majors, we offer full-time internships (in-person or online!) or add a part-time internship alongside your courses.

Discover internship opportunities available by visiting [teanabroad.org/internships](https://teanabroad.org/internships).

### COURSES IN ENGLISH UNLESS OTHERWISE NOTED

The following list and chart represents only a sampling of available TEAN programs. To get more information on the programs shown, as well as information on all other program options, go to [teanabroad.org/program-finder](https://teanabroad.org/program-finder).
