SAGE Publishing

SAGE researchmethods
A QUICK START GUIDE FOR FACULTY

REVIEW **FACULTY** RESOURCES

- Download collateral (title lists, user guides, etc.)
- Learn about resource accessibility standards
- Find sample assignments and course mapping

CREATE A USER PROFILE

- Save searches
- Create embeddable reading lists and custom video clips
- Share content with students

EXPLORE

- Browse by method, discipline, or content type
- Run a quick or advanced search
- Navigate through Research Tools (Methods Map, Project Planner, etc.)

CURATE CONTENT

- Incorporate into learning management systems and websites
- Support your work and research in your field or discipline
- Make clips from any video to focus on what you want students to learn

HIGHLIGHT & ENCOURAGE

- Reference SAGE Research Methods in your syllabus
- Direct students to create reading lists to share content, compile annotated bibliographies, and export citation lists
- Download this banner ad to link to the Project Planner in your LMS

REQUEST LIVE TRAINING OR CURRICULUM ALIGNMENT

- Schedule general resource overviews or custom research workshops for yourself, your department, and your students
- Receive recommended SAGE Research Methods content mapped to your syllabus
