

Faculty Research Presentation by Christina Elvidge

An Introduction to Zotero Research Assistant and Bibliography Manager

This presentation offers an overview and demonstration of the [Zotero app](#).

Zotero is an excellent option for faculty members who would like to move their students' bibliographies and notes from index cards to a more accessible online system that also offers support for citation and documentation in MLA, APA, Chicago, and hundreds of other styles.

We'll talk about the learning curve for students, and the advantages and disadvantages of the Zotero app.
