Faegre Drinker: Equity. Inclusion. Excellence.

Committed to Justice and Connected to the Community

We believe that we're responsible for being excellent partners in the community, so we work closely with legal aid and other nonprofit organizations to make a meaningful impact.

Lawyers and professionals across the firm participate in our pro bono and community service. Our work ranges from brief advice to ongoing individual representation to impact litigation and policy work to drive systemic change.

Together, we provide pro bono service to clients including immigrants seeking asylum, veterans seeking the benefits to which they are entitled, and people seeking to re-establish their lives after being involved with the criminal justice system.

But our work doesn't stop there: We also partner with human and civil rights organizations to address high-impact issues including voting rights and human trafficking.
